EXPERIENCE

FullStack Developer

Inventron Technology

📅 2023 Nov - 2024 Apr

- Developed mission-critical software solutions using React, Node.js, and Java, building responsive front-end and Big Data applications.
- Collaborated with cross-functional teams in Agile environments to design, implement, test, and maintain software.
- Drove continuous product improvement by innovating with large data sets and real-time processing.
- Created reusable UI components, enhancing code maintainability by 40%.

Web Developer

SITMICOS

📅 2024 Sep - Present

- Built responsive web apps using HTML, CSS, JavaScript, and React.js.
- Developed RESTful APIs with Node.js and Express.js.
- Collaborated with team members to implement and test web application features.
- Worked in Agile teams on end-to-end project development.
- Created reusable React components to speed up development.

PROJECTS

Amazon Clone

- Created a static Amazon clone with HTML and CSS, focusing on responsive design, UI elements, and cross-browser compatibility.

Live Demo

Personal Portfolio Website

- Developed a personal portfolio website using HTML, CSS, and JavaScript to showcase skills, projects, and professional background with an interactive interface and detailed CV.

Live Demo

Expense Tracker

- Created an Expense Tracker app with Java and MySQL, enabling users to manage finances with features like expense categorization, updates, and detailed reporting. Focused on a user-friendly interface and efficient backend data management.

Live Demo

IOS Calculator

- Developed an online calculator using HTML, CSS, and JavaScript. Allows users to perform basic arithmetic operations. Provides a user-friendly interface for quick calculations.

Live Demo

SUMMARY

- BCA Graduate with hands-on experience in full-stack web development, including projects like an Amazon Clone, Personal Website, Expense Tracker, and To-Do List App. Completed a 6-month internship as a Software Engineer, demonstrating strong development skills and a commitment to delivering high-quality solutions.

EDUCATION

Bachelor of Computer Application

Acharya Institute of Graduate Studies

📅 2024

📍 Bengaluru, Karnataka

- CGPA: 7

TECHNICAL SKILLS

- **Programming Languages:** Python, Java, C
- **Backend Languages:** Django
- **Frontend Technologies:** HTML, CSS, JavaScript, React
- **Database Systems:** SQL (MySQL), NoSQL (MongoDB)
- **Frameworks and Tools:** Agile, Git, RESTful APIs, Cloud (Azure), Figma

SOFT SKILLS

- Clear Communication
- Problem-Solving
- Innovation
- Time Management
- Adaptability
- Continuous Learning

CERTIFICATIONS

- Oracle Cloud Infrastructure 2025 Certified Foundations Associate Certificate URL
- Web Development Fundamentals Issued by IBM SkillsBuild Certificate URL
- Google Cybersecurity Professional Certificate (8 courses), Google Certificate URL
